OUR NEW FACILITY

At Wild Rose Motors we constantly endeavor to provide you with the best in class services at all times. To ensure that we continue to offer valued services to our customers, police departments, and municipalities we have upgraded to a new, bigger facility that now houses everything under one roof.

We are now located in the beautiful City of Anaheim. Located at 3901 E. La Palma Avenue #A, Anaheim, CA 92807, which is conveniently located off of the 91 freeway at Tustin Avenue. We service our onsite vehicles, as well as take appointments to service your vehicle. Our mechanics have been specially trained by Steve on the refurbishing, maintenance and repair of the Ford Crown Victoria Police Interceptor as well as other vehicles...

Our Onsite Service Center provides preventative maintenance, oil changes, and electrical diagnostic tools for determining any mechanical defect or problem. Our service is guaranteed and we offer the same quality Ford Dealership Service at the fraction of the price to you.

WILD ROSE MOTORS ACQUIRES MARTEL ELECTRONICS AUTHORIZED DEALER STATUS

Wild Rose Motors Ltd - Police Interceptors is proud to announce they are now an Authorized Dealer for MARTEL ELECTRONICS, covering the Northwest, including California, Nevada, and Arizona.

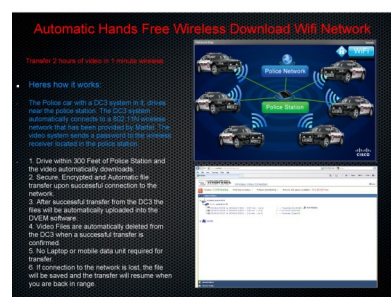

Martel Electronics is the World's Largest Manufacturer of Police Digital In Car mobile video systems and has customers in over 39 countries. Martel has more than 55 years of industry experience, backed by high-quality products and a sterling reputation. The firm provides clients with state-of-the-art systems that were designed for the military and built to withstand Temperatures from -40 Fahrenheit to 190+ Fahrenheit without a heater or cooling fans. The DC3 can withstand 50G's of shock, ensuring survival of your video recording in case of a collision.

The Martel **DC3**, specifically designed for law enforcement and military applications, records high-resolution MPEG2 digital video directly to non-volatile solid-state memory cards. Depending on system configuration, you have the option to upload files to your wireless network (with optional 802.11n interface) or exchange the recorded SDHC card and

store the files on your office PC with the **included** Digital Video Evidence Management (DVEM) software package.

- One piece machined aluminum "iPod Touch" construction
- Bright 5.0" touch-screen control monitor: no buttons or switches to fail
- Universal compatibility: MPEG2 720 X 480 D1 record resolution
- Superior audio intelligibility: 2.4 GHz digital spread spectrum body microphone system
- Secure Evidence Storage & Management Software: file tracking, intuitive rapid search, snapshot and fast burn of video files to DVD
- Manufactured in the USA right here in Orange County, CA.
- Battle proven by all branches of the United States Military
- Time, date and department information are imbedded in a recording watermark that virtually eliminates authentication challenges.

Orange Counties One Stop Police Interceptor Shop

The Wild Rose Motors Refurbishing Program allows for departments to continue utilizing their Ford Crown Victoria Fleets. Why would your Police Department purchase all new vehicles – even worse, ones that aren't up for the job? We believe that refurbishing your existing fleet is the safest choice. At Wild Rose Motors, we pride ourselves on providing the best possible product/service for the best possible price. At Wild Rose Motors, we are a family owned and operated business, providing the best service to all of our clients – Wild Rose Motors is a place where clients become friends.

The Ford Crown Victoria is a perfect family cruiser. If you are looking for class, comfort, space and a pleasant driving experience The Ford Crown Victoria is for you. With the strength of a decade old vehicle, the technology of today and dependable V8 power, it offers great value for your money. Because of its roominess, size, safety, and dependability the Ford Crown Victoria is a favorite among taxi drivers, police departments and fleet services. And all this comes at a relatively affordable price. Its simplicity in design puts you at ease once you are at the driver's seat, letting you handle comfortably and effortlessly. Come down and check us out or go to our website at www.policeinterceptors.info to see our inventory.

T E S T I M O N I A L S

I wanted to take the time to thank you and your staff for such an easy vehicle purchase. I had to purchase a used patrol vehicle on short notice due to one of my officers rolling his vehicle during a snow storm. We are a small department and budgets are tight, the only money I had to purchase a vehicle was the insurance payment on the wrecked vehicle. I found your site on the internet and there was one particular vehicle that caught my interest. I phoned and was advised that the vehicle was still available. Thanks to you I was able to purchase a 2001 police interceptor with very low miles on it for less than what I got from the insurance company. You worked with me on the shipping and we were able to come to a quick deal that satisfied both parties. I want you to know that if and when I need any other vehicles I will contact you first and see what you have. I would recommend your company to any other department. Feel free to use me as a reference to other police departments. I also want to thank your staff that put the paperwork together, I was able to easily go through it and get the vehicle license and titled with no problems. Again thanks for the great professional service you and your staff provided to this department.

~ **Chief Mike Nuttall - Springerville Police Department**

Just wanted to drop you a line to let you know how much we like the Police Cruiser we purchased from you. This vehicle has been an outstanding addition to our department. It's an excellent vehicle, in outstanding condition. It was truly a pleasure working with you. I appreciate your professionalism and fair pricing. I wish you all the best in your endeavors and look forward to doing business with you in the future.

- **Mark Farley - CalArts Campus Safety Supervisor**

Dear prospective Wild Rose Motors Clients;

I wanted to take the time to express my overall satisfaction with Wild Rose Motors (WRM). They not only had a diverse selection of vehicles for any budget but they were also extremely accommodating and very professional. I recently reached the one year anniversary with the 2002 Crown Victoria P71 that I purchased and seven thousand miles later it's still running great. I recommend WRM and will definitely consider them for future Interceptor purchases.

~**Josh Geismar - President AmeriStar Security**

My Company, Crimeless Security Inc. has purchased several vehicles so far from Seton. We actually flew into Orange County after speaking with Seton several times. We were only going to physically view his inventory. But after a couple of hours of checking out the vehicles he had set aside for us, we were quite pleased. Not only did he know what he was talking about, he didn't give us the run-around most used-car lots do. The paper work was quick and easy and we were off on our way. This man goes the extra mile to please his clients. He made sure each time we flew in we were picked up from the airport, and made sure our time allotted with him was not full of interruptions. Wild Rose Motors can rest assured that all of our Crown Victoria's will be purchased from them. Once again Seton thanks for the outstanding service.

~**Darrell Hampton -Chief Operations Manager**
