Is your vehicle prepared for the mud and the slurry? Take advantage of this special offer to protect your vehicle against corrosion damage and we'll include a free safety inspection. Our non-toxic, eco-friendly undercoating will protect your vehicle for the entire season so don't wait! The undercoating alone is a \$179.95 value, currently offered at \$159.95 and also includes:

- Check windshield wiper blades front and rear
- Check windshield washer fluid front and rear
- Check all exterior lights for proper operation, (front, rear, and side)
- Check vehicle front to rear for any fluid leaks of all systems and components
- Check brake fluid level and condition
- Check power steering fluid level and condition
- Check antifreeze fluid level, condition, strength, ph test and electrolysis
- Check cooling system radiator, pressure cap, hoses, clamps, water pump, thermostat, and heater core
- Check all drive belts, belt tensioner, and pulleys
- Check air filter, breather filter
- Check horn operation
- Check battery, cables, terminals
- Check shocks, struts, torsion bars, suspension components, bushings and joints
- Check CV Joints, boots, drive axles, drive line universal joints
- Check all tires tread depth
- Check all tires condition
- Adjust all tires air pressure to manufactures specification or customers desired setting
