

Why Matrixx Auto Group?

It's What We Do

Attention to detail and professional service are just a few of the qualities that set Loretia Carroll and Matrixx Auto Group apart from others in the automotive community. For over 6 years, Loretia has been working closely with her clients to create an ideal vehicle purchasing experience that they will enjoy and then want to refer to others.

Loretia's experience as a vehicle broker and her partnerships with professional mechanics, detailers and finance managers allow her to work with any client—whether small business, corporate or individual. She and her network of professionals have the expertise to handle every aspect of a deal including, but not limited to:

- Complete White Glove / Concierge Vehicle Service
- Special Order
- New Car Broker
- Financing Assistance
- Luxury Cars
- Vehicle Registration
- Multi-Car Buys
- Shipping and Delivery
- Used Car Dealer

It doesn't matter the kind of vehicle; what matters is the attention that Loretia gives to each client. Part of her satisfaction comes from knowing that they've had a good experience.

Because We Are Different

We are different because when you visit our office, you won't see cars lined up with their hoods open and "sale" signs waving in the wind because this isn't the traditional dealership. You won't have to trek through a sea of cars and you definitely won't be attacked by sales representatives. But what you will find is a professional office where you will receive personal attention to locate any vehicle from a Mazda to a Maserati. We can also assist with your financing options, if necessary and we can even deliver your vehicle when the deal is done. That's why we are different and it's what makes us special.

If you need a vehicle, there is no doubt that you need Matrixx Auto Group.
