LEER
Truck Caps and Tonneaus

180 2012
Chevy Silverado

www.leer.com

The 180 mid-rise cap encloses 20% more space than a cab-high cap, and has a full-height door to make loading and unloading easy. If you ever use your truck for large, bulky cargo, pets, plants, or overnight shelter, you'll really appreciate the extra room.

122 2012
Dodge Ram

The famous 122 takes everything that's great about our cab-high caps to a higher profile. The oversized door and added clearance mean more capacity and headroom. If you need to protect, secure and transport bulky items, the high-rise design of the 122 can do things no other truck cap can.

The information on this sheet may have been updated since printing and LEER truck caps and tonneaus may not be available for all import and domestic trucks. The equipment shown or described here may have regional plant manufacturing differences and may only be available as factory-installed options at an additional cost. Check with your local LEER Dealer for complete product information. LEER reserves the right to make changes in prices, colors, materials, equipment, specifications, and models at any time without notice or prior obligation.
