LOCKER**

UP-GRADE YOUR TRUCK CAP STORAGE

The LEER LOCKER™ is a ceiling mounted storage system that utilizes the wasted space of your truck cap to organize and secure your valuable property. Think of it as an overhead sliding drawer that's ready to use anytime you need it and out of sight when you don't.

The LEER LOCKER™ was specifically designed for the active truck owner. If you're an avid outdoorsman and love to hunt, fish, hike or bike, the LEER LOCKER™ can safely stow all your gear safely out of the way and locked up tight. On-the-go families will love the convenience of the adjustable storage dividers; great for travel sports equipment, beach essentials and camping supplies.

Manufactured in the USA, the LEER LOCKER™ features top-quality materials including a lightweight aluminum drawer wrapped in marine grade carpet, heavy-duty steel mounting frame, smooth ball bearing rollers, dual rotary latching system, and dual locks.

LEER LOCKER™ – *Out of the way, but never out of reach!*
